### Other Comments:

- **Nine hours of the electives taken to complete the 39 hours of major coursework must be at the 300 level or above.**
- **It is necessary to complete any prerequisites before enrolling in an elective course; in some cases, the required course may also be counted toward these major electives.**
- **These electives may be taken at any point during the course of study once prerequisites have been met. Typically it is best to take them in the 2<sup>nd</sup> through 4<sup>th</sup> year.**
- **Internship hours may be counted toward these electives (a maximum of 12 hours may be earned in internship).**
