

**General Transfer Guide
for
North Central Missouri College**

Students intending to transfer to Truman can plan to complete many of Truman's graduation requirements at North Central Missouri College, both in the academic major and the Liberal Studies Program. For information about major requirements, please contact the [Transfer Programs Coordinator](#) at the Center for Academic Excellence. Truman's major requirements are available in the General/Graduate Catalog, and specific course equivalencies are posted at the [Registrar's website](#).

Liberal Studies Program

All students at Truman complete the Liberal Studies Program. It's divided into three parts: Essential Skills, Modes of Inquiry, and Interconnecting Perspectives. Essential Skills courses develop the foundational abilities that students will use throughout their degree program. The Modes of Inquiry expose students to a breadth of disciplinary methods, both quantitative and qualitative. The Interconnecting Perspectives focus on the connections between cultures and disciplines.

Transfer students who have completed either an Associate of Arts degree or the Missouri "Core 42" statewide lower-division core curriculum are considered as having satisfied the Essential Skills, the Modes of Inquiry, and the Intercultural requirement in the LSP. Other transfer students credit is evaluated on a course-by-course basis. See the table below for some common course equivalencies in the Liberal Studies Program.
