

Transfer Program Guide
Indian Hills Community College (IHCC) Associates of Arts (AA)
to
Bachelor of Arts in Biology (BA)

Completion of the AA degree at IHCC fulfills the Essential Skills, Modes of Inquiry, and Intercultural Perspective requirements in Truman State University's Liberal Studies Program (LSP). Students transferring with an AA are still required to complete a 3-credit JINS course, and to demonstrate elementary proficiency in one foreign language, in addition to the remaining major requirements, required support, and the Bachelor of Arts or Bachelor of Science requirement, and the Missouri Statute requirements. A detailed explanation of Truman's LSP can be found at http://catalog.truman.edu/preview_program.php?catoid=12&poid=1571.

In addition to completing the required courses for the AA degree at IHCC, students intending to transfer to Truman State University are advised to take the courses below as part of their degree program at IHCC.

Recommended Courses for Transfer

MAT 156 Statistics	3
MAT 120 College Algebra	3
MAT 125 Precalculus	3
MAT 210 Calculus I	4
BIO 120D General Biology I	4
BIO 121D General Biology II	3
BIO 122D General Biology III	3
CHM 157 Principles of Chemistry I	3
CHM 158 Principles of Chemistry II	3
CHM 159 Principles of Chemistry III	4
PHY 200 Classical Physics I	3
PHY 201 Classical Physics II	3
PHY 202 Classical Physics III	3

Note on Foreign Language:

All students at Truman State University are required to demonstrate elementary proficiency in one foreign language, which requires up to two semesters to complete. Students pursuing a BA degree are required to demonstrate intermediate proficiency in one foreign language, which requires up to four semesters to complete. All transfer students are recommended to begin their language study as early as possible, to ensure a smooth path to graduation.

Other Graduation Requirements:

In order to graduate with a Biology degree, all majors are required to satisfy the following:

- Biology B.A. Learning Plan: Students design an individualized Learning Plan in consultation with their academic advisor. The Learning Plan, to which very few restrictions apply, is intended to meet the life-long needs of the students. It could take the form of an academic minor, more biology courses, or a mixture of courses from several disciplines. The Learning Plan requires a reflective essay explaining and justifying the courses in the plan. Learning Plans must be approved by a committee of biology faculty.
- A Biology major must achieve at least a “C” grade in each of the following courses: BIOL 107, BIOL 108, BIOL 145 (waived for all transfer students), BIOL 200, BIOL 300, BIOL 301, BIOL 315 OR BIOL 405, and BIOL 545.
- A minimum grade point average (GPA) of 2.0 is required for a) all mathematics, statistics, computer science, chemistry, and physics support courses for both the B.A. and B.S. degrees, b) all electives applied to the 15 credits of Biology electives for the B.S. degree, and c) all courses in the learning plan and foreign language courses for the B.A. degree.

All Biology majors must score at or above the 20th percentile on the nationally normed senior exam (MFAT). Majors are encouraged to take this exam early in the spring semester of their senior year.

In order to graduate with a Bachelor’s degree, all students at Truman State University are required to satisfy the following:

- A 2.0 minimum cumulative GPA (unless a higher requirement is specified), a 2.0 minimum GPA in all coursework completed at Truman, and a 2.0 major GPA
- 120 total credits
- 40 credits of upper-level courses (courses numbered 300+)
- 45 credits must be completed in residence, 28 of which must immediately precede completion of requirements for the degree, 15 of which must be major requirements
- The Truman Week requirement is waived for all transfer students.
- Completion of the Liberal Studies Program (LSP). LSP requirements can be found in the Truman State University catalog.
- 63 credits of courses with the Liberal Arts and Sciences (LAS) designation. A list of LAS-designated courses can be found in the Truman State University Catalog.

A detailed explanation of the above graduation requirements for a Bachelor’s degree can be found in the Truman State University catalog at
