## Notes

The above document is an example plan and is not a substitute for academic advising. Writing and Math placement may impact a student's degree plan. All prospective transfer students are encouraged to both seek advising at their home institution and to contact the Truman State University Transfer Programs Coordinator when questions arise.

Completion of the above plan will put a transfer student on pace to complete the B.S. in Economics at Truman State University in two years, assuming satisfactory academic progress. A student transferring without all of the above courses may require more time to complete the degree.
