## "Essentials of Tutoring" Presentation

Using case studies, exercises, and the experiences of trainees, this 2-hour training teaches principles of effective minimalist tutoring and specific techniques for putting those principals to work in one-on-one and small-group tutoring. Minimalist tutoring helps students by fostering independent learning, resource literacy, and conscious development of learning strategies.

## Training Agenda

- Introductions
- Tutoring Resources and Referrals
- Role of the Tutor
- Minimalist Tutoring to Promote Independent Learning
- Nonverbal Communication and Using the Tutoring "Space"
- Explaining, Listening, and Waiting
- BREAK
